Chris Heibel

Full Stack Engineer

👤 Profile

I'm a full stack engineer that thrives under pressure and have worked in many different fields from ski lodges to security and demolition. Those experiences made me realize that I wanted to make a career doing something I enjoy, building things.

📊 Experience

General Assembly Software Engineering Immersive, Denver, CO

June 2020 — September 2020

- Immersive Engineering program with 500+ hours of full stack experience.

- Worked on teams of 3-4 to develop React applications.
